

# KSL | FLOORING SOLUTIONS

*Welcome to KSL Industrial Supply Inc. – professional engineered flooring solutions for residential, commercial and industrial applications.*

We specialize in:

Engineering & Design  
 Environmental Planning & Containment  
 Project Management  
 Building Restoration  
 Concrete Repair

Our clients are brand-name companies that require unique solutions for their specific flooring needs. In most facilities several solutions are required to meet our customer's requirements with regard to slip resistance, ergonomics, 5S criterion and corrosion resistance.

We are building our business on reputation. KSL offers the best warranties on products and workmanship. We deliver the expertise of a world leader with the customer attention of a focused team of dedicated professionals.
